INTRODUCTION

Bullying is the topic we've chosen. Bullying may take place either physically or emotionally. It is disrespectful or threatening to those who are weaker and unable to defend themselves. Bullying is a challenging subject to deal with; it occurs and is visible frequently in schools and on social media platforms. The causes of bullying differ. It only means that anyone can become a target, regardless of gender, race, religion, or socioeconomic status. Causes of bullying can be caused by any of these; Environmental factors, Low self-esteem, lack of compassion and empathy, Peer groups, Craving attention, etc. Even churches are against bullying. The church teaches that we should not fight back although the issue of bullying is so bad.

SIGNIFICANCE OF THE PROJECT

Bullying is a major problem most commonly seen in schools. It can lead to mental health problems which can affect someone's life in a negative way. In schools, bullied people can't focus in their studies due to thinking about negative things due to the effects of bullying and may affect their education. A mentally damaged child will not only develop mental problems, but it may lead their life to doing bad things like doing drugs or worse, ending their life. It needs to be put to stop for the better. The aim of this project is to spread the message about bullying and its effects on someone. It also aims to help those that experienced bullying and show ways on how to get over it. Overall, the project aims to reduce or eliminate cases of bullying in the community.

SOLUTIONS

1. If you are being bullied: tell them to stop, get away from the situation, and tell a trusted adult.
 - 2 .If you see someone being bullied, be an upstander: Tell the person to stop, get a trusted adult, reach out and be friends.
 3. With your children: Listen and support your children. Work with the school to be sure your child is safe.
 4. In Your School: Learn and help train all adults and youth on how to recognize and respond to bullying.
 5. With Others Who Care: Start a Not In Our School Anti-bullying Club where youth lead in finding solutions.
 6. In Your School and the Entire Community: Create an identity-safe climate where all people are respected.
- 

PROPOSAL OUTLINES

We chose bullying as the subject since numerous individuals are victimized and hurt by it. Since there were so numerous casualties, it particularly harmed them physically. On the off chance that kids who are being bullied choose to instantly go to a grown-up as coordinated, those people won't essentially determine how to settle the dispute in the company of bullies on their own. The ones who can take advantage of this topic are the students who get bullied because they become braver and more tenacious. They can prove something and have the confidence to voice it out.

Prayer

Holy Father, Your Word says that we are to treat people in the way that we want to be treated. We confess that we will practice this command and be kind and fair. We will be good friends and tell an adult when someone is being mean to another person. We will not push, shove, or fight. We declare that You, Lord will be the light and salvation for those who are being bullied and mistreated so they will not have to be afraid. We declare that God, You will cause the bad people who go around bullying people to fail in their actions. We confess that Your angels will protect those people who are being bullied wherever they go. We declare that You, will rescue those who love You and will protect those who trust in Your Name.
